

A Message To Our Wyoming Customers

Recently, Questar Gas inadvertently placed an advertisement in a handful of southwest Wyoming newspapers. This advertisement, titled *Announcing the Questar Gas home-energy audit. Suddenly, audit is a happy word*, was placed in these newspapers in error. This advertisement discusses the ThermWise energy-efficiency pilot program which is currently **only** available to Questar Gas Utah customers. Questar Gas is currently working through the utility regulatory process with the Wyoming Public Service Commission to make the ThermWise program available for Wyoming customers. We sincerely apologize for any inconvenience this error may have caused, and we thank you for your patience and understanding as we work to bring ThermWise to Wyoming.
