ThermWise® Multifamily Rebates Program Weatherization Application for Existing Buildings

If you conserve, you can save.®

How do I get a rebate?

- Ensure your eligibility.**
Carefully read all pages of application before submitting for rebates. Multifamily rebates are available for existing properties with primary natural gas space heating only.
- Complete the required site inspection.**
Have a representative from the ThermWise Multifamily Program do a pre-qualification site evaluation on your property. Call 866-926-0907 to schedule your inspection.
- Complete application with all specified information.**
All fields are required unless otherwise noted. It is important to match each unit with the associated meter ID (for assistance in locating the meter ID visit ThermWise.com/builder/MeterID.pdf). For assistance with your application call 866-926-0907.
- Review and accept all Terms and Conditions.**
Review full Terms and Conditions and sign the Acceptance of Terms on page 4.
- Include required paperwork.**
It is the responsibility of the applicant to send the completed ThermWise Multifamily Rebates Application along with copies of the all required documents.
 - Rebate specific documentation is indicated in application.
 - Include a copy of proof of purchase. Proof of purchase is a receipt or invoice that includes all of the following information:
 - i. Retailer/contractor name, address, and phone number.
 - ii. Itemized listing of quantity, description, manufacturer, model number and other identifying information as appropriate. NFRC stickers (see example at right) for windows rebates only.
 - iii. Purchase date and price
- Submit complete application by mail, e-mail or fax:**
 - Mail: ThermWise Multifamily Rebates Program; P.O. Box 45360; Salt Lake City, UT 84145-0360
 - E-mail: Multifamily@ThermWise.com
 - Fax: 800-687-6176

NFRC sticker

Keep a copy of your application for your records. Allow approximately six weeks from receipt of completed applications, including all purchase receipts, for application approval and for your rebate check to arrive.

1) Property Information

Name of property _____ Phone () _____

Property office address _____

City _____ State _____ Zip _____

Please mail payment to: Property office address Property owner mailing address
 Property manager mailing address

Onsite contact / manager name _____

2) Property Owner Information

Company name _____ Phone () _____
 Mailing address _____
 City _____ State _____ Zip _____
 Contact name _____ E-mail address _____

 Contact name _____ E-mail address _____

4) Measure Information: Insulation and Ducts

Measure	Rebate Amount	Required Documents
Attic Insulation - Tier 1* <i>R-19 or higher</i>	\$0.20/sq.ft.	<input type="checkbox"/> Invoice <input type="checkbox"/> Proof of payment <input type="checkbox"/> Certificate of insulation (must show R-value, square footage of applied insulation and insulation material)
Attic Insulation - Tier 2* <i>Additional R-11 or higher</i>	\$0.07/sq.ft.	
Wall Insulation <i>Minimum increment of R-11</i>	\$0.30/sq.ft.	
Floor Insulation <i>Minimum increment of R-19</i>	\$0.20/sq.ft.	
Duct Insulation** <i>R-6 or higher</i>	\$150/site	<input type="checkbox"/> Invoice <input type="checkbox"/> Proof of payment
Duct Sealing** <i>Performance Tested Comfort System (PTCS) Levels</i>	\$125/site	<input type="checkbox"/> Invoice <input type="checkbox"/> Proof of payment <input type="checkbox"/> Duct Sealing Application Supplement***

* Final insulation level must be between R-38 & R-60. A minimum of R-19 must be added, and is paid at \$0.20/sq. ft. In addition, for a rebate of \$0.07/sq. ft., a minimum additional increment of R-11 must be added.

** All duct sealing and duct insulation measures must be installed by a Questar Gas® approved contractor who performs work to comply with the Performance Tested Comfort System. This helps ensure proper duct sealing. Visit ThermWise.com for a listing of Questar Gas approved contractors.

*** **Duct Sealing Application Supplement Form available at ThermWise.com/business/MF_Ductwork.pdf.**

Questar Gas Meter ID (8 digits)	Street Address	Bld #	Unit #	Measure	Install Date	Installed R-Value	Final R-Value	Sq. ft. Installed (per unit)
12345678 (example)	1140 W 200 S	A	1	Floor Insulation	2/1/2010	R-19	R-30	800 sq. ft.
Total								

The 8-digit Meter ID number must be included to process rebate. The Meter ID number can be found on your Questar Gas bill or on the physical meter. Meter numbers may correspond with multiple units. **Please attach separate sheet for large properties; available at ThermWise.com/business/MF_Wx_Insulation_MeterID.xls.**

5) Measure Information: Windows

Measure (Single rebates at U-Factor above building code)	Rebate (a.)	Sq.ft. Replaced (window area) (b.)	Replacement Windows	Total Estimated Rebate Amount	Required Documents
Windows Installed windows must have U-Factor of .35 or lower	\$0.95/ sq.ft.	Information provided on the invoice attached.	<input type="checkbox"/> Wood clad <input type="checkbox"/> Metal clad <input type="checkbox"/> Vinyl <input type="checkbox"/> _____	For Program use only To calculate total window rebate amount (a.) x (b.)	<input type="checkbox"/> Invoice <input type="checkbox"/> Proof of payment <input type="checkbox"/> NFRC stickers*

* Copies of NFRC stickers must be included for each window. Example of an NFRC sticker on page 1.

6) Window Rebates Calculation Worksheet

A. Each Unique Window	B. Model	C. Operation Type (slider, picture, double-hung, etc.)	D. U-value Documented with NFRC sticker, etc.	E. Width Inches Documented by contractor work order, etc.	F. Height Inches Documented by contractor work order, etc.	G. Square Inches Multiply width (E) by height (F)	H. Square Feet Divide total square inches (G) by 144
<i>example</i>	<i>2044</i>	<i>horizontal slider</i>	<i>.34</i>	<i>24</i>	<i>30.5</i>	<i>732</i>	<i>5.08</i>

8) Acceptance of Terms

I hereby certify that all information is accurate, including claims of applicant and equipment information. I have read all terms and conditions on the reverse side of this form and acknowledge that Questar Gas® may verify all the information provided.

Applicant signature _____

Date _____

Terms and Conditions

Rebate availability

The Questar Gas ThermWise Multifamily Rebates Program has been approved by the Public Service Commission of Utah and may be subject to change or modification at any time. All equipment must be new and must be purchased and installed prior to submitting a rebate application, and must have been purchased and installed on or after January 1, 2008. Applications must include all information requested. Failure to provide this information may result in the delay or denial of the rebate.

Rebate eligibility

Only two rebates paid per unit, per measure. There are no limits to common area installations. Proof of purchase and installation receipts are required for each measure qualifying for a rebate. Measures installed as part of the project's original construction (New Construction) are not eligible for rebates under this Program.

Rebate qualification

If equipment is returned after rebate is paid, Questar Gas will be reimbursed the rebate with penalty including associated legal and/or collection related costs. Qualifying rebate measures may be found online at ThermWise.com, or by calling 866-962-0907. Customers in the Questar Gas Wyoming service area are not eligible for ThermWise Multifamily Program rebates. Duct sealing and duct insulation measures must be installed by a Questar Gas approved contractor. Questar Gas maintains a list of Trade Allies by measure category which can be found at ThermWise.com or by calling 800-323-5517.

Application details

Applications are subject to verification by Questar Gas. If your application is selected for verification, it will not be processed until the verification process is satisfactorily completed.

The customer hereby transfers to Questar Gas all "Environmental Attributes" attributable to the Qualifying Equipment or its operation. Environmental Attributes include any and all credits, benefits, emissions reductions, offsets and allowances, however entitled, resulting from the avoidance of the emission of any substance to the air, soil or water at or by Questar Gas facilities through reduced use or generation of energy or other savings or offsets on account of the Qualifying Equipment. The customer will not claim ownership of any Environmental Attributes. As long as the customer at the same time states the Qualifying Equipment was made possible with funding from Questar Gas, the customer may claim that it is facilitating the production of the Environmental Attributes attributable to the Qualifying Equipment.

Questar Gas issues rebates in the form of checks, not utility-bill credits. Questar Gas is not responsible if your retailer or contractor provides inaccurate information about the amount and/or conditions of the actual rebate, and Questar Gas will not pay rebates for equipment that is mislabeled or misrepresented by dealers regarding rebate qualifications. Applicants receiving rebates under the ThermWise Multifamily Rebates Program may not receive equipment purchase and installation rebates for the same equipment under other Questar Gas Programs.

Rebate limitations and limitation of damages

Payment of the rebate by Questar Gas does not warrant the performance of qualifying/installed equipment and does not warrant that the qualifying/installed equipment will deliver any specified amount of energy or cost savings. The customer shall independently evaluate any information related to the qualifying equipment. Neither Questar Gas, its parent company, affiliates, subsidiaries, officers, employees, nor its contractors make any warranty, expressed or implied, or assume any legal liability or responsibility for the accuracy, completeness or usefulness of any information, estimated savings, benefits, products or processes disclosed, or represent that its use would not infringe on privately-owned rights. Reference to any specific commercial project, processes, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by Questar Gas, its parent company, affiliates, subsidiaries, officers, employees, or its contractors.

Customer responsibilities and tips for hiring a contractor:

- Check contractor's license
- Ask for referrals and obtain multiple bids
- Get a written and itemized estimate and verify accuracy of information including cost, energy savings, square footage and warranty information
- Always have a signed written proposal before work gets started specifying costs, model numbers and job schedule
